

## Testimonial

**Project:** Over the last two years, Greenlight created a series of over 10 educational animations for Pet Health & Nutritional Center (PHNC) to educate potential clients on health issues impacting cats and dogs and their nutritional supplements to help these animals.

The testimonial below is related to a marketing video which includes 5 interviews, b-roll footage, music, and full production. The goal of this 15 minute video is to create emotion and instill confidence in PHNC.

Every time I watch this video I am reminded of what a wonderful job you did. Please don't think I am anything but grateful for all the help you have given us these past few years. Through your work many people who may have been too afraid to try have taken a chance with us and allowed us to save so many more dogs and cats than might otherwise have been possible.

Thanks,  
Maria
