

Zulieve Law, Client Reference

I've known Andy for roughly 5 years now. ALCOM Inc. engaged Andy to be responsible for all of our Intellectual Property in both the US and Canada. He's done a great job at registering marks that I anticipated were not registrable. His analysis and conclusions are in depth and accurate - the markings of a real expert. He has achieved great results both timely and cost effectively. On top of his legal ability, he's a great human being that gives lawyers a good name. I would absolutely recommend him to anyone needing IP work.
