

Edward Budway
VP of Marketing
Evergreen Credit Union

Dustyn Bailey has been an exceptional resource for our team at Evergreen Credit Union. From solving complex Meta Business problems to leading a team of creatives to develop amazing video content that was on brand and within our budget. His passion for finding a flexible solution so everyone wins is why we have contracted with him several times. Being the President of Maine Ad + Design, his network of creatives is wide and there is always capacity for work. I would recommend Dustyn and his collective of creatives to any of my peers to anyone who is looking for an agency that deeply cares about their clients. He puts himself in the shoes of his clients and their customers.
