

Working with Norde Creative has been awesome! I've never worked with a creative agency before and wasn't sure what to expect, but Tom went above and beyond to make sure I understood the process, expectations, set (and kept) appropriate timelines. He had such cool ideas for the product shoots, but always checked in to make sure we were aligned in our visions - any feedback I had was implemented perfectly. Tom has been a pleasure to work with and he's incredibly talented at what he does...looking forward to a continued partnership with Tom and Norde!
