I met Dustyn Bailey at the Maine Center for Entrepreneurs Top Gun program in 2023 and I was floored by the level of commitment he had to me as a mentee. He went above and beyond, developing a marketing and branding audit that went through my entire business and outreach strategy. Together we developed the right wording for my mission, vision, and values - as well as adjustments for my outreach to new and existing clients. I can't thank Dustyn enough for the time he spent mentoring me, and I know use him as my marketing consult whenever I am changing or growing the business. I would highly recommend him!
