To Whom it May Concern,

I have been working with Justin Russell at One Ten Digital for seven months. I first approached Justin in March of 2020 at the recommendation of a colleague who stated that he was uniquely suited to work with a small, start-up business. At that point I only had the vaguest notion of how to turn twenty years of teaching home schooled students into a viable online business. He answered my initial inquiry with guidance that allowed me to move onto the next steps. We had regular discussions about where I could go for advice in setting up a business and he continued guiding the distillation of my many ideas into a cohesive, workable site. As I received legal, business, and financial advice from professionals in those areas, Justin responded with solutions for implementing that advice. He was able to discern what I could do on my own and what would need to be automated. He was able to refine my disparate ideas regarding design into something simple and effective.

I expect that as my site changes and grows, I will continue to return to One Ten Digital for solutions and direction. I have had the pleasure of recommending Justin Russell to friends that need a similar service. I would highly recommend One Ten Digital for any partnership for which you feel they are qualified. If you have further questions, please feel free to contact me at 207-843-0388 or info@swiftriverresources.com.

Sincerely

Christine G. Morrison
