

PREVW Productions Testimonial for Inclusion in Vendor Program

To Whom it May Concern at MERC.

*Maine Venture Fund approached **prevw** to help us craft our organization's impact statement through interviews with staff, board members and portfolio company leaders. They worked with us to refine our desired message and coordinate interviews. Pat and his team put members of our group at ease, helping them to craft authentic statements that well conveyed our organization's narrative.*

They'd be an excellent fit for the MERC vendor program and well suited video agency for Maine's startup ecosystem.
