

Brann and Isaacson Client Reference

Brann and Isaacson is an ideal legal partner for businesses of all sizes in Maine. As a small business owner, B&I has provided me with advice related to intellectual property, HR law, state sales tax, legal formation, and contracts. Their attorneys and paralegals are thorough, explain everything in enough detail to make good decisions, and provide the support needed. They deliver a clear value proposition of expert legal advice and support at a reasonable price.

As a professor of entrepreneurship, I often talk about need for a good legal partner when starting a business. When I describe the right candidate, I often think of B&I.
